

## CAR 2022: Motion 5

Motion 5: To approve the Narcotics Anonymous World Services, Inc. budget for 2022–2023.

The extraordinary circumstances of the WSC 2022 and the use of the ICC (Interim CAR-Conference Agenda Report & CAT-Conference Approval Track) have meant that unusually the Fellowship is seeing and or having the opportunity to discuss the CAT motions of which Motion 5 is an example.

The material to consider while or if choosing to reach a conscience on this motion starts on pg.17 of the [ICC](#)

A WSC consensus vote of YES would see the proposed NAWS budget for 2022-2023 approved for the next 12 months or until the WSC 2023 when a new one will be presented to the fellowship for approval for the next cycle.

A WSC consensus vote of NO would likely trigger a number of possible alternatives or amendments from the floor of the WSC, possibly in the form of new motions, which the RD's would again likely be asked to vote on in the absence of Regional Group consciences being consulted.
